1953

As the Romans and Greeks of old found adventure in exploring the unknown, so we hope to find adventure in exploring the new world which lies before us.

During our past years at Nyack High School we have received the knowledge and guidance necessary to prepare us for this journey.

In this year of 1953 we invite you to travel with us into the realm of mythology.

On the following pages we shall see some of the similarities between our school life and the days of myths and legends.

Class of 1953*

NYACK HIGH SCHOOL
NYACK, NEW YORK

DEDICATION

STANTON CALLAHAN

To the man who has helped so many of us to enjoy our journeys into the past and to be prepared for our journey into the future, we, the class of 1953, dedicate our TOWER.

Stanton Callahan, who has taught in private and public schools since 1932, has been pouring gerunds and gerundives into the receptive minds of Nyack Latin students for the past seven years.

According to Mr. Callahan, "empty barrels that make the most noise" fill up most of his Latin classes. Besides the time he spends in his famous ninth periods, he is Latin Club advisor and chaperone on school trips such as Jive Tribe buses. When he first came to Nyack, he was assistant soccer coach.

Born in Yonkers, he attended Manhattan College and then took his M.A. at Columbia. While in college he participated in tennis, baseball, soccer, boxing, and broke his wrist playing volleyball. He remembers with delight a sociology course where the professor frequently neglected the dis-

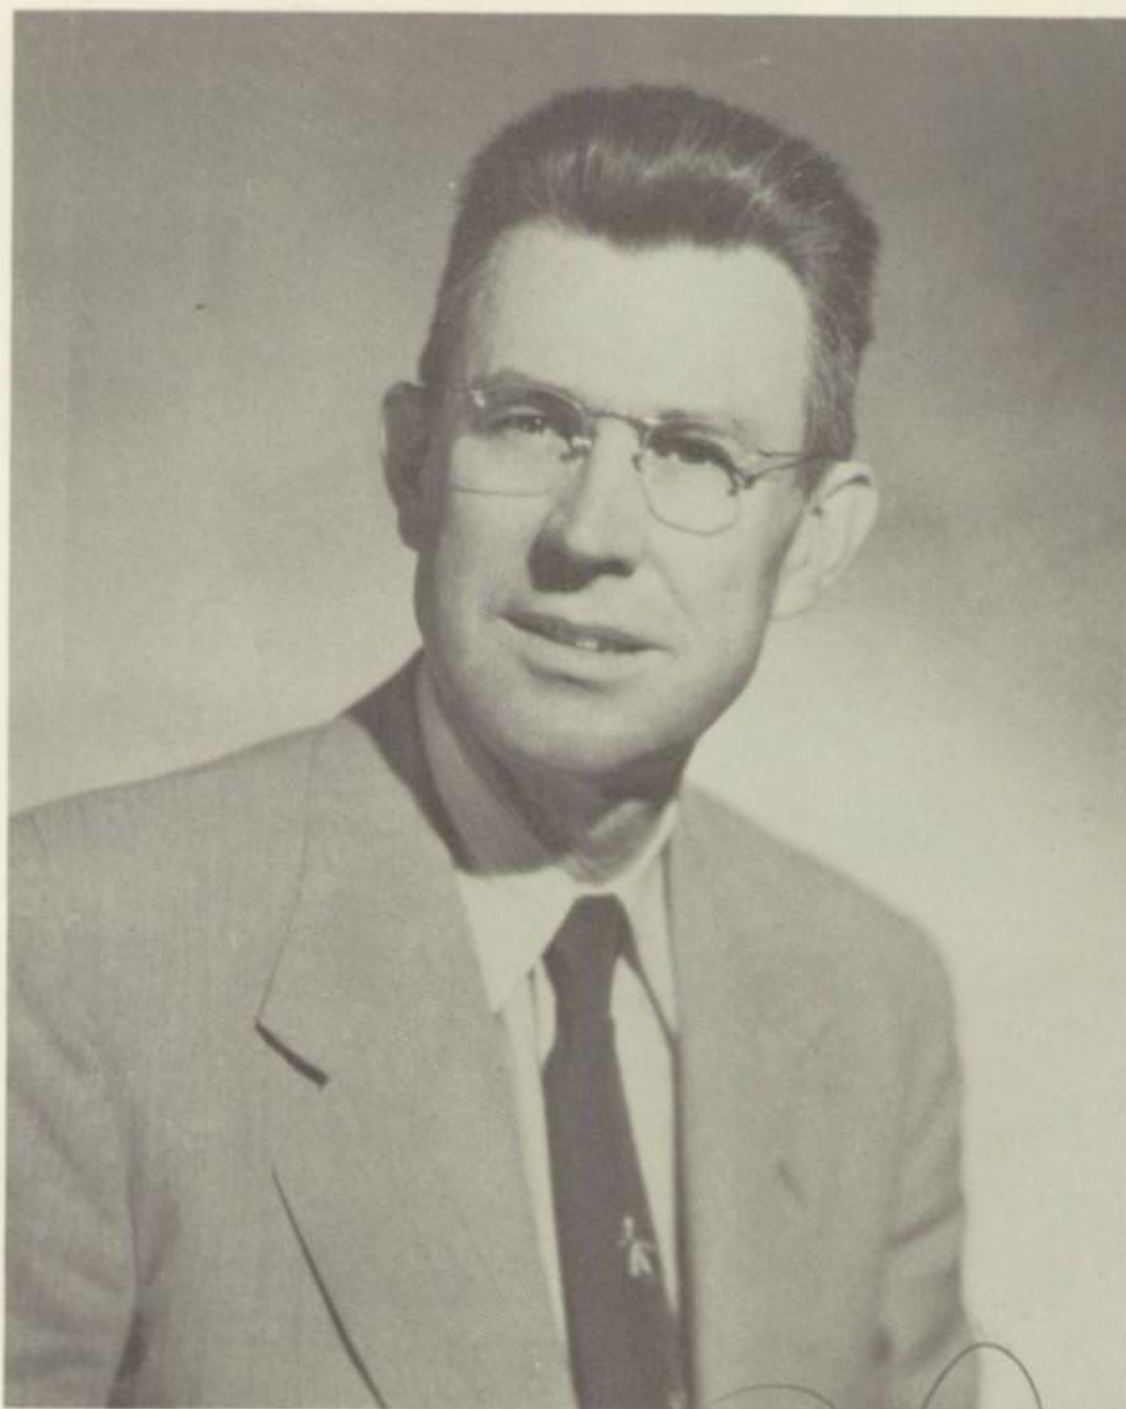

missal bell. To overcome this obstacle the students purchased two alarm clocks, which they conveniently set at five minute intervals after the bell had rung, to offer a subtle reminder. The professor, however, ignored all interruptions and continued to lecture two hours longer.

Summers Mr. Callahan does surveying and has helped map such roads as the Saw Mill River Parkway in Westchester County and the New York State Thruway. He enjoys fishing and traveling. So far his journeys have led him through Canada and the Mid-West.

His other major interest and occupation is his family. Tim nearly three; Mike, six; John, nine; Gail, fourteen, and Richard, seventeen are enough to keep him busy.

The devoted members of Mr. Callahan's Latin classes will refer to him by his nickname "Caesar," but we shall all remember him as the *sine qua non* to our school life.

TO THE CLASS OF 1953

In "An Open Letter to America's Students" published in the October, 1948 Readers Digest, General Dwight D. Eisenhower said, "To be a good American is the most important job that will ever confront you. But essentially it is nothing more than to be a good member of your community . . ."

Mr. Eisenhower's interpretation of adequate citizenship is precisely the kind of experience we who are responsible for Nyack High School attempt to provide for the young people of our community.

As members of the present graduating class, many having been with us six years, some several months, with backgrounds from various corners of the world, you have had the benefit of the Nyack High School program.

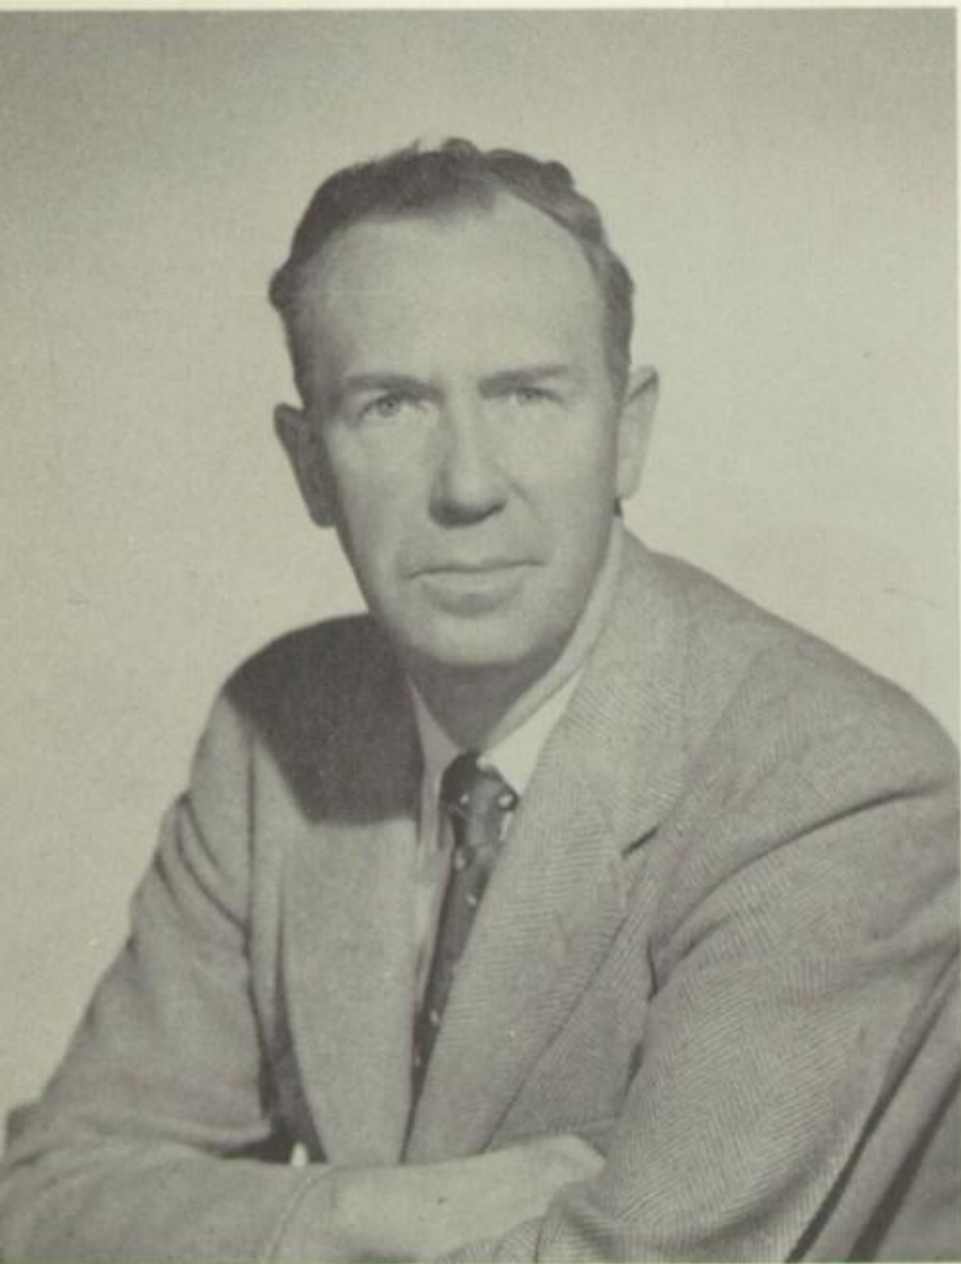

The fine work that you have done, the challenges you have accepted, the excellent performance of the class in the academic fields, in the arts, in vocational training, in the extra-curricular and out-of-school activities, your part as school citizens—merit recognition and commendation.

This part of your lives at Nyack High School has been the privilege of every one of you. It is the kind of background we consider most essential in the adequate character development of responsible citizens in these United States. Every community in the nation cries out for such a citizenry.

You have had these privileges. It is your responsibility to maintain them for future generations!

A. W. Rittershausen

THE ADMINISTRATION

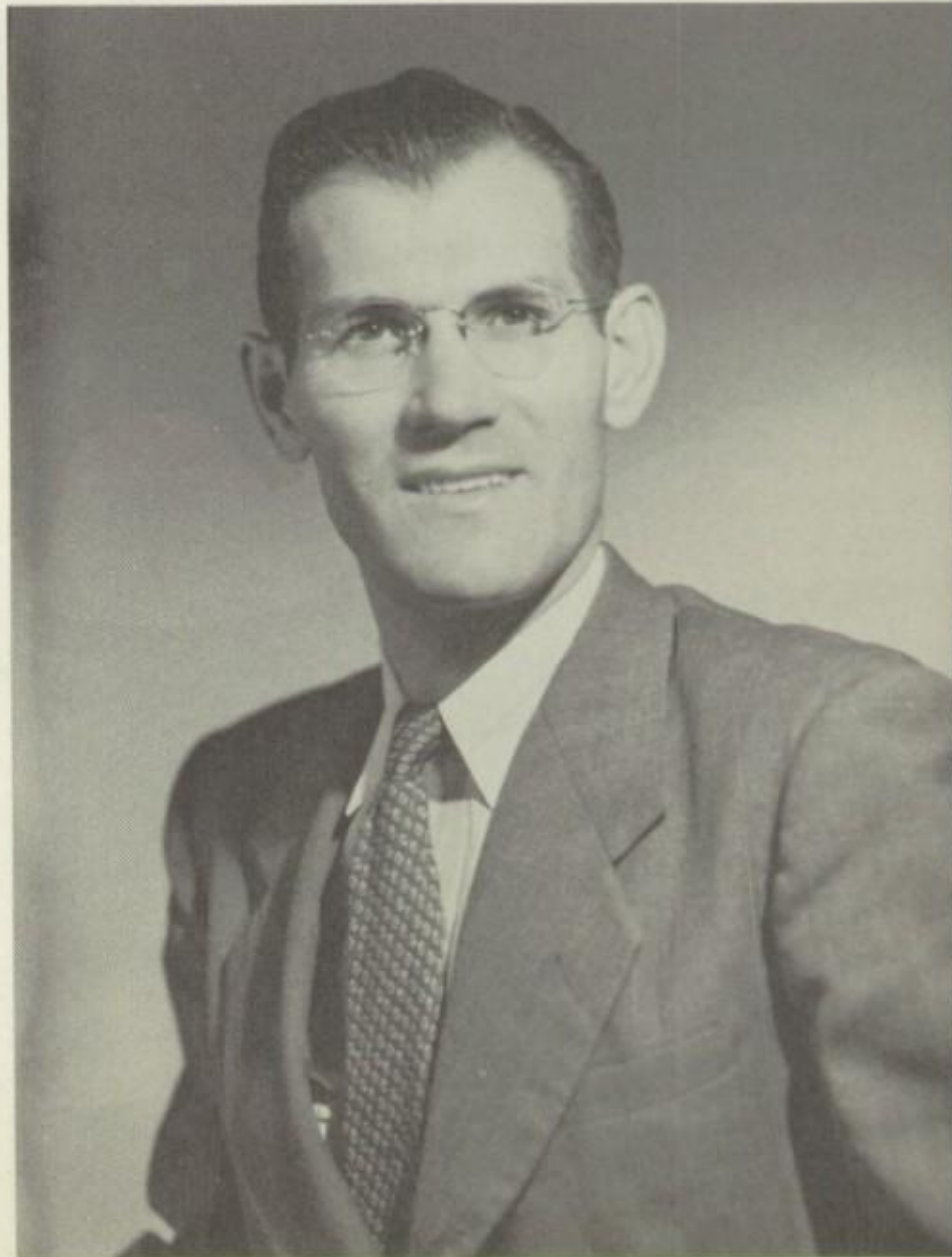

KENNETH R. MacCALMAN

We are fortunate indeed to have such a versatile and enthusiastic educator as Mr. MacCalman for our school superintendent. He works tirelessly at his job which includes finance public relations, and personnel. Mr. MacCalman, who received his A.B. at Elon, his M.A. at Columbia and has done graduate work at N.Y.U., is also very active in organizations outside his school work. He is a member of the Rotary Club, the Palmer Scholarship Fund, and a participator in a section of the N.Y. State Board of Regents and the N.Y. State Board of Interpretation of Economic Trends as affecting Education.

JOSEPH PHILLIPS

Behind the success of the "Voice of Nyack High" over station WFAS lies our Administrative Assistant Joseph Phillips. For dubbing as head of the Science Department his position as Recording Engineer of the broadcast presents no problem. Also he was the head "Doctor" of the "Traveling Medicine Show," a science club which he organized. The senior boys are thankful for his military orientation programs, while Junior High students claim him as their Guidance Director.

Mr. Phillips received a B.S. at California State Teachers College and attained his M.A. degree at Columbia University.

ACTIVITIES

THE 1953

J. Fox and C. Richmond, Editors

Mr. Raymond H. P. Wray, Advisor

Frantic gestures, impatient cries, and heated discussions, typified a large percentage of the Tower staff's meetings. These characteristics, however, were overshadowed by the enthusiasm, efficiency, and cooperation of each of the individual members. We have experienced both times of chaos and the times of satisfaction when our ideas materialized. Each of these times proved to be advantageous as well as enjoyable.

We are very much indebted to Mr. Raymond Wray, our literary adviser and Mr. Fabian Englander, our business manager, for their encouragement, guidance, and companionship. We also wish to thank those members of the faculty, administration and the student body who have aided us.

We hope that next year's Tower staff will enjoy their work, as hectic as it may be, as much as we have.

G. O. OFFICERS

Front: A. Nelson. Back: E. Cacciamani, G. Tanges, J. Kamisky.

GENERAL ORGANIZATION

Among the numerous activities which the G.O. sponsored this year was the colorful G.O. dance, led by the football queen, Doris Ann Palmatier and her ladies-in-waiting. Pep rallies, after game dances, the talent show and many other events which brighten our school year were also organized by the G.O. These activities are designed to stimulate a desire for rendering service, to promote leadership and to develop character in the individual.

G.O. membership is obtained through buying a G.O. card. This card enables the student to vote in school elections, to receive the school paper and also grants him price reductions at school sporting events.

With the aid of Miss Vivian Krum and Mr. William Desmond the General Organization has experienced a very successful and harmonious year. The officers of the G.O., who are George Tanges, president, Eugene Cacciamoni, vice-president, Audrey Nelson, secretary and John Kamisky, treasurer, deserve much praise for their fine work.

G.O. COURT

The G.O. council strives to create a harmonious and understanding relationship between the student body and the faculty and administration. At the sessions of the council the officers of the G.O. represent the student body by presenting the problems of the students before the representatives of the faculty and the administration. Here the views of all are discussed and the problems successfully solved.

The G.O. Court is a student creation and thereby reflects the student's high respect for law and order. The court of six judges tries students who receive summons by the Student Patrol for violating the rules that the G.O. enacted. The court is one of the many fine examples of student government in Nyack High School.

The school newspaper "The Big Injun" is published ten times within our school year, by the Ramapo Valley Independent Press. The staff is composed of forty members of the student body with Miss Margery Nilson as editorial advisor and Mr. Fabian Englander as business advisor.

In recent years the "Big Injun" has been entered in the Columbia Scholastic Press Association for which they have won five successive "medalist" awards. This award is given only to the top ten percent of school newspapers. Only six papers from New York State received it last year. Also for two years in succession CPSA has presented the "Big Injun" with All-Columbia honors for the best headlines in its enrollment group. In the National Scholastic Press Association, sponsored by the University of Minnesota, we have received first place. The last time the "Big Injun" was entered in the Empire State Press Association they walked off with all-state honors.

The advisor, Miss Nilson, has spoken for the past four years at the CPSA conference on the subject of newswriting. This year she was selected to be one of the members on the board of judges for the CPSA. She will be unable to accept this offer as she is leaving Nyack after having been "Big Injun" advisor for six years.

Officers are: Richard Lyman, editor; Margaret Hoffman, assistant; Maxine Marcus, feature editor; Karen Dahlberg, assistant feature editor; Myron Miller, news editor; John Fox, sports editor; and John Simonds, assistant sports editor.

Their knowledge of business management is also broadened by the fact that each of the members work after school hours. Field trips to various industries are also among their varied activities. The expert and companionable aid of Mr. Fabian Englander accounts for the many benefits of this organization.

One of the newest additions to Nyack High School's journalistic endeavors is this weekly column in "The Journal News." Its purpose is to bind ever tightly the ties between those who have left these hallowed walls and those who are still here. The articles have caught as indelible records, glimpses of little but nevertheless cherished memories of the wonderful and unforgettable times at Nyack High.

Our principal, Mr. A. W. Rittershausen, has been very understanding as far as this column is concerned.

In the spring the club hopes to have several speakers lecture to them on the extensive subject of stamp collecting.

Miss Winifred Davis aids the group in its activities. The officers are Joseph Caruso, president, and Paul Hazucha, secretary.

The Travel Club is an eighth grade organization for boys and girls.

Educational games are played the first part of the year and during the spring months the members travel by bus to historic places in Rockland and Westchester counties. The enthusiastic group extends its knowledge of foreign countries by compiling picture scrapbooks.

The enthusiastic members of the Chess Club have been seen formulating and deducting intricate plays in Room 29 until 5:00 in the afternoon. Their meetings, which take place on Wednesdays, have become very informal so that the members may come and go as they please. The group usually divides into several sections, the beginners and the more advanced players. At the beginning of the year each of the members, who range from the seventh to the twelfth grades, were given a booklet on the basic rules and plays of chess.

Mr. Warren Templin is the group's able advisor.

The members of the Library Staff have a full time job. The neatness of the library and the arrangement of the books are mostly dependent upon the staff's efficiency. They perform the usual duties of the librarian such as checking out books and aiding students in finding the books of their choice, plus the additional task of stamping library passes. The staff is directed by their conscientious president, Betty Caliman, and Miss Keen, the librarian.

Originally designed to further experience of more advanced science students, the medicine show claimed two grand prizes at the Oneonta Science Fair last year among its accomplishments.

The Art Club strives to extend artistic knowledge throughout the student body. They accomplish this by sponsoring art exhibits which are open to all students. The members also study the lives and works of various painters and annually visit the leading art museums of New York City.

For Open House the club arranged and decorated the Spanish room as well as entertaining guests.

Members also visited the Museum of Hispanic Society in New York.

Bobby Bernstein presided at club meetings, while Carole Stern was vice-president; Steven Denker, secretary, and Diane Smith took charge of the treasury.

Perfect world unity may never materialize, but it won't be the fault of the German Club if it isn't reached. For on their agenda is the joint recording with the Spanish and French clubs of "Le Linguiste." Using the recording and broadcasting facilities of the German "lab" the members, under advisor Mr. Merz, have already edited and recorded "Heidelbergitis."

Cohorts will settle for a mild field trip this year to a German movie, unless a rival to the Trade Fair arises.

Under the supervision of Mrs. Willis Lester the Hostess Club has become one of the most valuable of our school organizations. This group serves for such school affairs as the speech and sports banquets. At the end of the year, each of the thirty-five members receive a pin in recognition of her service, and the Board of Education expresses its thanks to the group by arranging for them to see a Broadway play, as the climax of their activities. It has always been the much appreciated custom of the Hostess Club, to present to the school each year a useful gift.

President of the club is Elizabeth Osborn, vice-president, Mary Hanley, and the secretary-treasurer is Joyce Wehe.

The Leaders Club emphasizes the importance of leadership and intelligent fellowship among students in Nyack High School. The members of this organization receive definite training in leadership under the guidance of Mr. Rudolph Rehjolic. They serve as team managers, officials, score keepers and publicity agents for the intramurals, extramural, and noon recreational programs. Membership extends throughout all grades in the school.

The officers of the Leaders Club are Bryant Malcolm, president, Blair Campbell, vice-president, and Robert Shepard, secretary.

The members of the Jewelry Club gather each Monday afternoon to design and create their own jewelry. Creating jewelry is a long and intricate process, but nevertheless the group produces some very charming objects in either copper, silver or gold. Rings, bracelets and medallions are their main projects.

Miss Margaret Hilbert, who is well experienced in the art of creating jewelry, is the group's director.

The center of fashion in Nyack High School is the Sewing Club. During the sessions of the club which occur twice a week, the members create chic dresses, skirts and other articles of clothing. Those girls who indulge in knitting also offer their talents to the group.

Membership extends throughout all grades in the school. Mrs. Dahlberg, who aids the group in its activities, keeps the meetings informal, pleasant and educational.

Sparked by an unusually large membership this year, the "Y" Dance Club again sponsored a successful Holly Hop during the Christmas vacation. Couples danced around a huge Christmas tree with all the trimmings and the bandstand was decorated with a replica of Santa and his sleigh. Music was provided by Red Foley and his band.

Officers are: Alan Yassky, president; Bev Pearl, vice-president; Ann May Boyd, secretary; Bob Shepard, treasurer.

The club also sponsored dancing in the gym during noon hour.

The Rockland County Hi "Y" Council is an organization which co-ordinates the activities of the individual Hi "Y"s. One of the main functions of the Council is to hold a County Legislative meeting at New City, during which bills are discussed in preparation to being sent to the State Hi "Y" Assembly at Albany. This year the County meeting was quite successful in that two of Rockland County's bills were passed at the state convention.

"Here is the morning edition of the WIRC news"—with these words the student "peewee" edition of the local and world-wide news begins.

Ten seniors, led by advisor Edward Schweikardt, station manager Dick Lyman, and program director Joe O'Neal make up the station.

Late evening and early morning news condensations and morning papers, are sources from which broadcasters prepare their own scripts.

Besides giving a valuable lesson in current events, radio work has helped WIRC members improve diction and voice quality.

"The purpose of the 'Hi-Y' is to create, maintain and extend throughout the school and community higher standards of Christian character." This is the pledge of the "Hi-Ys". They fulfill their pledge by bettering the lives of the young people of Nyack. Through combined efforts the groups sponsor dances, cake sales, swimming parties, hay rides, and numerous other activities filled with fun. The members aid the community by such acts as gathering food at Thanksgiving time for those who are less fortunate. Their work also includes the creation of new bills to be considered at the state "Hi-Y" meeting.

FOOTBALL

Mr. E. Payne, Mr. R. Rejholec, Mr. H. Failing.

The 1952 Nyack High School Football team, recognized as a top contender for the P.S.A.L. Championship, won two games, lost two and tied one to finish the season fourth in league standings. The two defeats Nyack suffered were very close games and could have been easily won.

The first league game with Suffern was a real thriller, seeing the boys go down to defeat to the league champions in a rough battle. After this heart-breaking defeat Nyack entered the win column with two successive victories over Haverstraw and Spring Valley. Then came the Piermont game which ended in a tie score after four quarters of gruelling football. Desiring a second place tie with Piermont, Nyack entered the final game of the season with Pearl River with high hopes of winning but suffered a 14-0 defeat.

Excellent coaching on the part of Rudy Rejholec, Harold Failing and Russel Paine enabled our football team to enjoy a successful season. All-County selections of Jim Ridlon—first team and Bert Leitner—second team, proved the superiority of our team. The loss of Bryant Malcolm due to ineligibility was really a blow to Nyack's hopes of a championship.

TENNIS

Continuing in its winning ways, the Nyack High School tennis team under coach Raymond H. P. Wray, added the 1952 fall PSAL championship to its string of league triumphs, making a score of eleven first places and two second places in thirteen seasons.

The big team to beat last fall besides Nyack was Spring Valley. Starting with an almost entirely green team a year ago, Tiger coach Toni Borgognoni trained his youngsters into a formidable threat.

Similar to a sports fiction novel ending, Nyack met the Tigers to determine the fall league championship in the final scheduled match, since both clubs had gone undefeated until that time. The doubles team of Bob Mock, sophomore, and Tom Probert, freshman, came through in their customary manner, winning easily 6-4, 6-2. However, Paul Bernarbo, Rockland County Junior Champion, fell before the soft lobs and placements of Alan Shoemaker in three sets. But Jack Stockmeyer, team captain and a senior, came through with an 8-6, 7-5 upset victory over veteran Ken Better to clinch the title.

"It should be noticed that the doubles team was never pressed in a set and Jack Stockmeyer lost only one set during the entire season. This steadiness and the faithful daily practice of the squad make another championship a good possibility," says manager Dick Lyman. Spring team manager loses Mock, but then Lyman, veteran of 1952 spring season would move up to play with Probert at first singles. John Bell, a senior, will combine with a fall JV player for the second doubles team.

SOCCER

The 1952 Indians' soccer team, steadily improving during the past four years, came the closest it has ever been to a championship. The league record of the booters was an impressive six victories, one defeat and one tie for a second place birth in the league. This single defeat which marred Nyack's County League record was suffered at the hands of Congers, League Champions

This year's squad was a real powerhouse packed with many boys who possessed outstanding skill in playing the game. The booters proved themselves worthy of a great deal of recognition since they tied Congers, champions for the past 18 years, in the first game and then lost a hard-fought battle with the same Congers squad in a return game. Nyack was by far the toughest opposition Congers had played in quite some time

Excellent coached by Frank Nelson and Richard Grimley and captained by Donald D'Agostino, the team was kept hustling all the time, which proved to be a determining factor in their success. Victories for the team were two from Pearl River, two from Spring Valley and two from Stony Point.

All-County selections for the first team found three Nyackers up on top, Wes Plutsch, Oleg Panoff, and Donald D'Agostino.

First row: W. Nickels, P. Crane, G. Tschatalbaschian, R. Hewlette, D. DeMetri, J. McDonald, C. Taylor, R. Winter, S. Taylor. Second row: G. Cook, F. O'Mahoney, V. Dagaev, V. Chesson, P. Scanlan, G. D'Agostino. A. Andrievich, R. D'Agostino, K. DeGraw, Coach F. Nelson.

[91]

First row: T. O'Conner, J. Reavis, L. Widbee, W. Rose, C. Orlando, P. Bernarbo. Second row: D. D'Agostino, W. Daggett, J. Ridlon, W. Royster, D. Williams, Mr. Nelson, J. Bell, H. Crane, P. Scanlon, T. Glynn.

The 1952-53 basketball season in Nyack didn't prove too successful for a small but hustling squad. Since the only returning letterman was Walt Rose, most of the squad was inexperienced. But nevertheless the Indians under the able coaching of Frank Nelson proved themselves skilled in basketball by coming very close to beating a few championship contenders. In the third league game against Pearl River, a supposedly strong squad, the Indians lost 54 to 51 in the final seconds of the game.

The squad was hindered with the lack of height which is very important if a team is to rebound successfully. Without rebounds victory is twice as difficult to attain. What we lacked in height we made up for in sharp-shooting, performed excellently by Bill Daggett, Walt Rose and Jim Ridlon. Even though our big men, Jim Ridlon and Tom Glynn weren't enormous they gave the opposition a difficult time.

Many of the contests were very close and some of them could have been victories just as well as defeats. Lots of credit is given to the team for fighting every minute of the way.

WRESTLING

Although the wrestling squad was hit by the graduation of some of its top performers, Injun grapplers looked forward to another successful season. This year's squad, built up around such stalwarts as Capt. Blair Campbell, Bob Shepard, Chet Valentine, and Charles and Everett Miele, captured three of its first four meets, losing the opener to a powerful Teaneck squad. At this rate it appeared very feasible that the matmen would cop another Rockland County PSAL championship.

During the course of the season, there were a series of J.V. meets with neighboring schools, organized for the purpose of giving young hopefuls some all-important experience and a chance to compete in a regulation meet. As a result, Nyack can count on seeing some top-notch wrestling squads in the future.

This year was marked by the retirement of Solon Gordon, who, after 20 years of turning out championship teams, handed the reins over to Rudy Rejholec, Injun football and baseball coach.

BOWLING

The 1952-'53 bowling team is extremely fortunate in having Robert Schild as their coach again this year. The team, captained by Philip Schulder, looked very impressive in their first matches and can look forward to a very successful season. Although Nyack lost some lettermen due to graduation, the boys on this year's squad are a determined and well-skilled group.

First row: W. Owens, P. Schulder, H. Israel, J. Merkert. Second row: J. Alden, E. Lemire, J. Welsh, Mr. Schields, M. Walters, D. Cannon.

TRACK

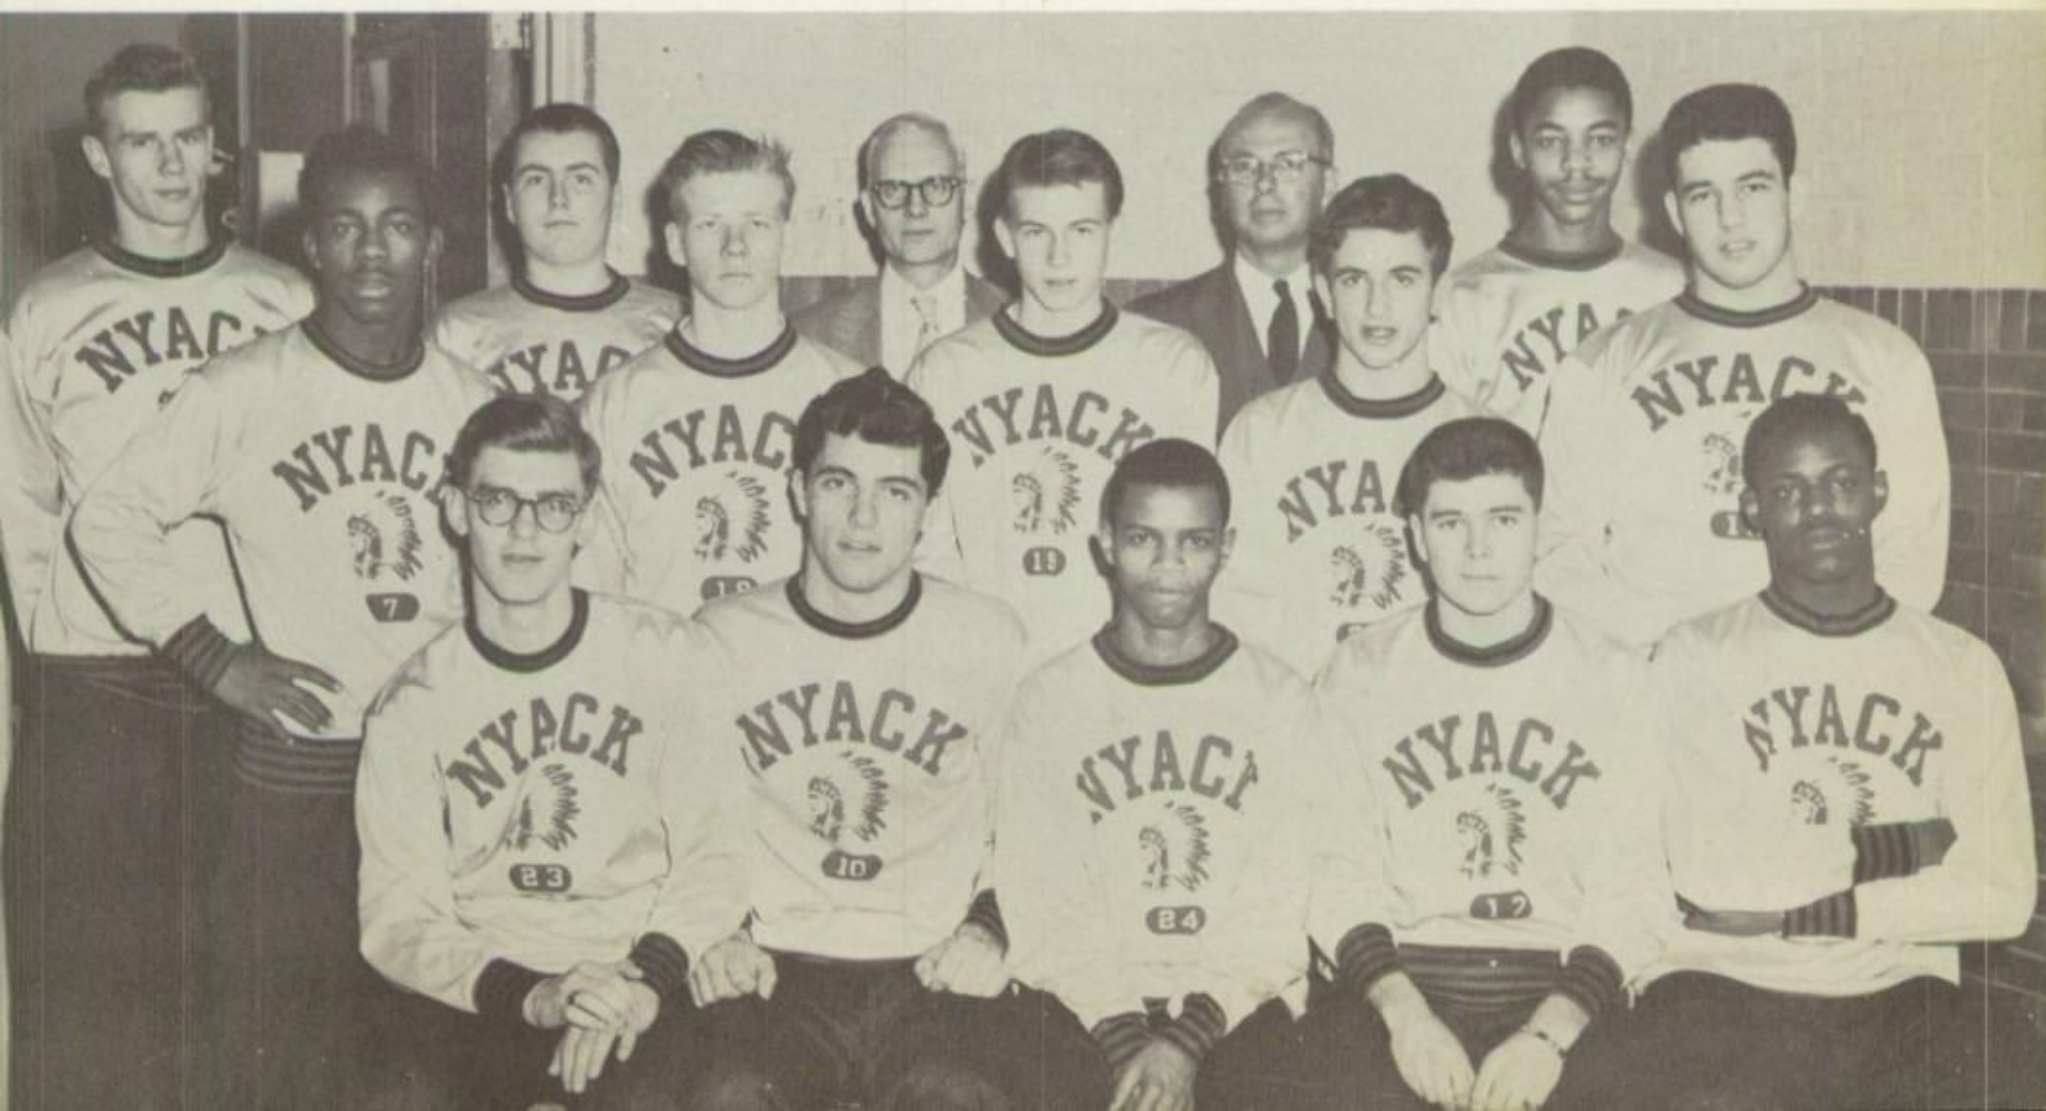

Although the Nyack track team will miss the services of many experienced lettermen, there still remains a strong nucleus for the team of 1953.

Foremost on the list of returning veterans is Blair Campbell who excels in the discus, 220 yard dash, and the relay. In support of Campbell will be Jack Bittig, who performs in the broad jump and relay. Other returnees are Charlie Lang in the discus and John Reavis in the middle distances.

All events are open to newcomers including several positions on the record-smashing relay team of 1952.

Coaches Warren Templin and Verner Cox believe that with many returning veterans and many expected newcomers Nyack can look forward to a successful track season in 1953.

First row: J. Bittig, P. Stevens, J. Reavis, J. Latham, W. Royster. Second row: E. Forte, J. Wanamaker, M. Clark, W. Metlitz, J. Frascino. Third row: B. Campbell, J. Simonds, Mr. Cox, Mr. Templin, J. Fields.

CROSS COUNTRY

Indian harriers, coached by Warren Templin, found competition rough as they battled through their 1952 campaign. Piermont and Haverstraw boasted powerful squads which proved obstacles to the tribe.

Next year's squad, which will suffer from graduation, will be co-captained by Walter Metlitz and Herb Conklin.

First row: V. Fascgm, E. Whalen, H. Conklin, W. Metlitz, J. Bittig. Second row: Coach W. Templin, T. Buonocore, R. Merkert, G. Keefer, M. Miller, J. Fields.

SWIMMING

The 1953 swimming season opened with Nyack High School meeting her worst opponents first. The first two meets were lost but Nyack cleaned up on the third. The team consists mostly of veterans, however, and we can look forward to a good season. It seems probable that the Rockland County PSAL championship will be ours once again.

Returning record-men Jack King and Larry Cohen, 200-yd. freestyle and 100-yd. freestyle respectively, are bettering their times and are the perfect examples as co-captains of the team. In spite of having our team weakened by sinus, our "occupational disease," Coach Whitney Callahan is looking forward to a good year.

[96]

First row: J. Koblin, H. Conklin, J. Smith, E. Faccioli, S. Wells, S. Denker. Second row: T. Valentine, A. Yassky, J. King, J. Latham, L. Cohen, B. Springer, M. Herlihy, P. Esmay, R. Kostmeyer. Third row: C. Epler, J. Stockmeyer, P. Glynn, Mr. Callahan, D. Thomas, J. Fields, P. Breland, F. Latham.

GOLF

The 1953 Golf Team under the able coaching of Mr. Harold Failing is looking forward to a brighter season than was experienced last year. Aided by returning lettermen, Nyack hopes to make a good showing for the R.C.P.S.A.L. Crown. Several new boys also make Nyack's hopes for the future years much brighter.

Front: T. Valentine, J. King. Back: W. Lewis, D. Rose, Mr. Failing, S. Brown, W. Richmond.

The Varsity baseball squad this year was hard hit by graduation which took four of Nyack's starting pitchers, leaving very few in sight for future moundmen.

The squad has only six lettermen returning this year who along with a few promising Junior Varsity men coming up will compose a fairly well rounded team which should do very well in county competition.

Coach Rudy Rejholec can look forward to a good season in 1953 with a fast, hard-hitting team.

LOCOMOTIVE

CHEER

A gay flash of color and enthusiastic cheers from the crowd could mean nothing less than the appearance of the Varsity cheerleaders. They must also be "cheerful leaders," for it is their job to transmit their enthusiasm to the spectators and thus to the team in action. Football, soccer and basketball games are always brightened by their talents. The customary pre-game pep-rallies are also a part of their activities. In the springtime they will cheer at the Faculty-student baseball game. Someone must bolster the morale of the cheerleaders and Miss Cooke does a fine job.

G. A. A.

Nyack High offers a great deal to every girl in the field of sports. The sports vary to suit a girl's likes and abilities.

Every girl who participates in sports is striving for a chenille "N" and a membership into the G.A.A. letter club. To get an "N" a girl must earn 1,000 points through participation in many sports.

The G.A.A. girls learn first aid and are wardens in air raid drills. They also learn timing and scoring and officiate at games.

When a girl has earned 2,000 points she becomes a member of the Inner Circle and receives a gold pin.
